Sharing information with outside agencies

We will only share information with outside agencies on a need-to-know basis and with consent from parents, The only time that information will be shared without permission is where Child Protection legislation/guidance advises organisations not to discuss the concerns with the family members (where sharing the information would put the child at further risk of harm or may result in a crime being) If we decide to share information without parental consent, we will record this in the child's file, clearly stating our reasons.

Staff will not share information with anyone over the phone (or in person) but take and pass on messages for the manager or deputy manager to action, The Manager or Deputy manager will always ensure that information is not passed onto anyone without confirming identity and their right/permission to know the information they seek.

We will only share relevant information that is accurate and up to date. Our primary Commitment is to the safety and well-being of the children in our care.
