

Extra Time Out of School Club

Data Protection and confidentiality Policy (GDPR)

At Extra Time we respect the privacy of the children attending the Club and the privacy of their parents or carers, as well as the privacy of our staff. Our aim is to ensure that all those using and working within the Out of School Club can do so with confidence that their personal data is being kept secure.

Our lead person for data protection is **Mandy Grosse** and **Teresa Quinn** is the second point of contact. The lead person ensures that the Club meets the requirements of the GDPR, liaises with statutory bodies when necessary, and responds to any subject access requests.

Confidentiality

Within the Club we respect confidentiality in the following ways:

- We will only ever share information with a parent about their own child.
- Information given by parents to Club staff about their child will not be passed on to third parties without permission unless there is a safeguarding issue (as covered in our **Safeguarding Policy**).
- Concerns or evidence relating to a child's safety, will be kept in a confidential file and will not be shared within the Club, except with the designated Child Protection Officer and the Owner / manager
- Staff only discuss individual children for purposes of planning and group management.
- Staff are made aware of the importance of confidentiality during their induction process.
- Issues relating to the employment of staff, whether paid or voluntary, will remain confidential to those making personnel decisions.
- All personal data is stored securely in a lockable filing cabinet, and on a password protected computer that only Mandy Grosse the owner has access to (Natalie Walton (Deputy) will be given the password if ever Mandy G is incapacitated. We do have an emergency contact list on the back of the registers, which is kept within sight of a staff member at all times whilst we are open to the children.
- Students on work placements and volunteers are informed of our Data Protection policy and are required to respect it.

Information that we keep

The items of personal data that we keep about individual staff are documented within their own personal files in the filing cabinet. And on the password protected computer system, for the use of detailing and documenting wages on a tool from the government and training logs on the POD training system, to access training. Also email addresses, again kept on the password protected computer. We also have their telephone numbers within our mobile telephone to enable us to contact them. These areas are to be reviewed annually to ensure that any new data types are included.

Children and parents: We hold only the information necessary to provide a childcare service for each child. This includes child registration information, medical information, parent contact information, attendance records, incident and accident records and so forth. Once a child leaves our care we retain only the data required by statutory

legislation and industry best practice, and for the prescribed periods of time. Electronic data that is no longer required is deleted and paper records are disposed of securely.

Staff: We keep information about employees in order to meet HMRC and Ofsted requirements, and to comply with all other areas of employment legislation. We retain the information after a member of staff has left our employment for the recommended period of time, then it is deleted or destroyed as necessary.

Sharing information with third parties

We will only share child information with outside agencies on a need-to-know basis and with consent from parents, except in cases relating to safeguarding children, criminal activity, or if required by legally authorised bodies (e.g. Police, HMRC, etc). If we decide to share information without parental consent, we will record this in the child's file, clearly stating our reasons and whom we have share the information with.

We will only share relevant information that is accurate and up to date. Our primary commitment is to the safety and well-being of the children in our care.

Some limited personal information is disclosed to authorised third parties we have engaged to process it, as part of the normal running of our business, and to manage our payroll and accounts. Any such third parties comply with the strict data protection regulations of the GDPR.

Subject access requests

- Parents/carers can ask to see the information and records relating to their child, and/or any information that we keep about themselves.
- Staff and volunteers can ask to see any information that we keep about them.
- We will make the requested information available as soon as practicable, and will respond to the request within one month at the latest.
- If our information is found to be incorrect or out of date, we will update it promptly.
- If any individual about whom we hold data has a complaint about how we have kept their information secure, or how we have responded to a subject access request, they may complain to the Information Commissioner's Office (ICO).

GDPR

We comply with the requirements of the General Data Protection Regulation (GDPR), regarding obtaining, storing and using personal data, and get parents/carers and staff to sign documents to state that they are happy for us to carry on collecting the data we do, and that they are happy with how we store it.
