

Healthy Eating Policy

Extra time staff, aim to provide a healthy menu of snacks and drinks for children attending the out of school club, within the confines of a weekly budget, taking into account any special dietary needs or allergies as well as any agendas from the **food standards agency**

No child will ever be forced to eat whilst in club; however we will encourage children to have a breakfast as children do need sustenance before going into school.

Parents have the right to request their child **MUST** have a snack in the afternoon session if they are not going to have their evening meal until late and we will ensure they do have one if requested. Every child has access to fresh drinking water at all times.

(Parents will be made aware of any changes to the menu's, E.G celebrations EG Chinese New Year)

Breakfast – This includes a variety of cereals and toast, waffles, pancakes or crumpets, on specific days during the week, with different toppings, fresh fruit is always readily available They are also encouraged to pour their own drinks, there is fresh fruit juice, water or dilute juice every morning. However, we only allow one drink of juice per child and then offer fresh water or milk thereafter.

Snacks – Children can choose from the choices of foods, fresh fruit and salad and then sit at the snack table with the other children. There will also be an assortment of dilute juice or water on offer. However again, we only allow one drink of juice per child and then offer fresh water is available on offer thereafter.

Any breakfast or snack session time, children are to sit down at a table, using the appropriate cutlery where necessary. This is to encourage to participate in a social environment, using good manners at all times. Extra time staff, will not sit with the children whilst they eat, unless specifically asked to do so, but the staff will monitor behaviour of the children and offer support where needed. If parents ask us to ensure their child has breakfast and / or snack, we ensure we re-iterate this to the child on any given session.

Procedure

- Parents must inform the staff of any special dietary needs or requirements as well as any allergies that their child may suffer from, on the registration form they complete before accessing any sessions within the club.

- **The special dietary needs list for children (kept on a sheet in our supply cupboard) this must always be checked before any food preparation or cooking activities take place.**
- When preparing food and drink, staff will follow the guidelines from their food hygiene course training, encouraging children where appropriate.
- Fresh water will be readily available for the children to drink throughout the sessions. Juice and squash will also be offered at snack times which will have no added sugar. Fresh fruit juice will be offered with breakfast. The children can only have one glass of juice then if request another drink they have access to fresh drinking water.
- Breakfast and snack times are to encourage children to sit down at a table using cutlery where necessary; this is to encourage children to participate in good manners. Staff will not sit with the children unless invited to.
- We ask all children, NOT to swap or share foods (not even with siblings) due to other children allergies.
